BOSTON, February 19, 1908.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR, — In compliance with section 24 of chapter 3 of the Revised Ordinances, the Board of Election Commissioners respectfully submits its report for the year 1907.

NUMBER OF VOTERS.

At the city election in 1906 the number of male voters on the list was 112,532. The number of such voters on the first list published by the Board in August, 1907, was 100,756. From that time to the close of registration for the city election there were added the names of 11,408 male voters. In revising the voting list, after its publication in August, 734 names were dropped on account of death, removal or other causes. The number of male voters on the final list sent to the polls on the day of the city election, 1907, was 111,430, a decrease of 1,102 from the list of the preceding year.

In 1906 there were 14,628 female voters registered for the city election. In 1907 their number was 13,691, a decrease of 937. The total decrease of male and female voters from the preceding year was 2,039.

LEGISLATION OF 1907.

Chapter 560 of the Acts of 1907, entitled "An Act to Codify the Laws relating to Caucuses and Elections," was the most important piece of legislation in reference to primary and election matters.

This codification was needed, and brings the election laws together for purposes of ready reference.

JURORS.

In accordance with chapter 176 of the Revised Laws, the Board prepared a list of the inhabitants of Boston liable to serve as jurors. It used its entire force of clerks in making an investigation of those persons provisionally selected, and has kept off the jury list all persons coming to its notice who have criminal records.

It has made an impartial selection from all parts of the city of men of various occupations, and is of the opinion that the persons finally selected represent an average of our citizenship.

Chapter 348 of the Acts of 1907, entitled "An Act relative to Juries and Jury Service," made important changes relative to this matter. It amends the law by providing that: "neither the board of registrars of voters of any city nor the Board of Election Commissioners of the City of Boston shall place the name of any person on said list until after such board shall have fairly and fully investigated by inquiries at his place of residence and business or employment, or by any other means, his reputation, character and fitness for such service. The board may, in making such investigations, request the chief of police or the police commissioner, or the officer having in charge of the police, of its city to obtain as far as is possible, and furnish to it information concerning the qualifications of any inhabitant thereof for jury service. Such board or any member thereof may request of any and all persons such information as they may have concerning the character and fitness or qualifications for jury service of any person. It shall be the duty of all persons upon such request to answer all questions, and to give to said board or any member thereof such information as they may have, relating to the character or fitness for jury service of any person concerning whom such request is made, which information shall be regarded as confidential. To the name of each juror on said list shall be appended his place of residence and of business or occupation."

It provides that "Jury lists prepared as above provided shall, before the first day of August of each year, be printed with the address and occupation of each juror, and a copy thereof shall be delivered to the mayor or selectmen and to the clerk of the city or town to which such list relates, and to the clerks and assistant clerks of the supreme judicial and superior courts in the county in which such city or town is situated, to be by said clerks and assistant clerks kept for the use of said courts."

It provides a penalty on a registrar of voters or an election commissioner who puts, or causes to be put, upon the jury list the name of any person for any reason other than his judgment in good faith of the qualifications and fitness of such person for jury service.

It also provides an additional penalty for any person who requests an election commissioner or registrar of voters to put his own name or that of another on the jury list.

In accordance with this law the Election Board intends to supplement its own investigations by transmitting to the Police Commissioner the names of 8,000 persons provisionally selected, and will request the Police Commissioner to obtain as far as is possible for this Board information concerning the qualifications and fitness of such persons for jury service.

It has also notified the public through the press and by means of signs posted conspicuously in its offices of the penalty imposed upon any person soliciting or requesting that his name or that of another be placed upon the jury list.

COMPLAINTS OF ILLEGAL REGISTRATION.

There were no such complaints.

VOTING MACHINES.

In its last report the Board stated: "Before voting machines are purchased for use of the entire city, several matters in connection therewith should receive serious consideration. First, the law in reference to the legality of their use at elections of representatives to the General Court, about which, according to the last opinion of the Supreme Court on the subject, there is some doubt, should be absolutely settled."

In accordance with this report the matter was brought before the Supreme Court in the case of *Nichols vs. Board of Election Commissioners*, and the Supreme Court decided that their use at elections of representatives to the General Court was unconstitutional. The Constitution will have to be amended in order to legalize their use. Until such amend-

ment the question of their adoption is not practical, but academic. For it would neither be economy nor good judgment to have different methods of electing officers in the same city in the same year.

MEMBERSHIP OF THE BOARD.

The term of Melancthon W. Burlen, Esq., expired April 30, 1907. He was reappointed for the term of four years ending April 30, 1911, and assumed the duties of this office May 1, 1907. John M. Minton, Esq., was designated by the Mayor as chairman and member of the Listing Board.

ESTIMATE FOR THE ENSUING YEAR.

In a communication to His Honor the Mayor, under date of December 26, 1907, the Board submitted its estimate of the expenses for the ensuing year, giving an itemized statement of the same, and its judgment that the sum of \$189,000 would be necessary to meet the ordinary current expenses of the department. In addition to the ordinary current expenses of the department the Board further estimated that the sum of \$125,000 would be necessary to meet the expenses of a new general registration, provided the law to that effect remains in force.

NEW GENERAL REGISTRATION.

Relative to registration of voters in Boston, section 82, chapter 560, of the Acts of 1907 provided that a new general registration of male voters must be made in 1908 and every twelfth year thereafter.

The Board recommended to His Honor the Mayor that the law relative to such registration in Boston be repealed, not only on the ground of economy, but also because such general registration was unnecessary for the purpose of purifying the voting list, the Board being of the opinion that the voting list was not tainted with fraudulent registration.

His Honor the Mayor petitioned the Legislature that the law providing for such general registration be repealed. The Election Commissioners appeared before the Committee on Election Laws and unanimously supported the bill for such repeal. At the time this report is written we understand that the bill has become a law. Consequently there will be no general registration in Boston during the year 1908, thus saving the city \$125,000.
